

This week in Reception Class...

25th November 2024

Our book focus this week is
Leaf Man

This week in maths we have continued the practice one more and one well. We are becoming more confident at this. We have also been learning about the properties of shapes and have been making shapes with 4 sided using straws.

Ann from HSBC visited us on Thursday and told us the story of 'Ed and Bunny Earn Some Money' by Matt Carr. We learnt all about how the friends earned some money doing jobs Ed saved most of his in his money box and only used a little to buy a packet of sweets, but Bunny didn't save any and spent it all on sweets which made him very ill and he had no money. Ed bought Bunny a money box so that he could save his money too.

With Mrs Thomas we worked in two teams to make different houses for Teddy and Ginger (we used wooden blocks and lego). We were learning about working together and sharing ideas.

In PE we continued our soldier dance, identifying our 'start' positions and moving into different pathways whilst adding new actions.

In phonics we have been learning the phonemes sh, th, ng and nk and the tricky words she, he, of and we.

In Kinetic Letters, we have continued to learn the letters from the Window Cleaner Family i and u.

We have started to use our white boards to practice our letter formations.

In Forest School we have enjoyed using our story to create leaf pictures. The children have also enjoyed identifying the trees in Forest School using an leaf identification sheet.

C of EL This week we have observed the class...

Taking a safe risk, engaging in new experiences and learning by trial and error on the rope swing at Forest
