

Eco-Committee Newsletter

Summer Term

We have achieved ...

- Introduced a battery recycling box for the whole school community to use
- Encouraged further recycling through 'The School Fruit and Vegetable Scheme (SFVS)' – they now collect their empty boxes to reuse for future deliveries
- Created a bee corridor with plant donations from Hodgehill Garden Centre
- Washed and ironed 527+ Crisp packets into strips and sent to the Crisp Packet Project
- Planned our piece of artivism using bottle tops (this will be created in September)
- Designed our 'Eco-Code' and shared with the whole school
- Submitted our 'Eco-Schools Award'.

Our next steps ...

- Await the results of our 'Eco-Schools' application
- Each member can apply for a green Blue Peter Badge
- Begin to think about actions/goals for next academic year
- Have a little rest.

You can support our work ...

- **REUSE** – Before you think of something as rubbish think, 'is it too good for the bin'. Could it be repurposed and used instead? Less in the bin means less in landfill.
- **RECYCLE** – Donate any school uniform which you have grown out of. While on holidays, why not do a beach clean to help reduce the amount of micro plastics within our oceans.
- **REDUCE** – It's the summer meaning we have more daylight hours ... save energy by turning off any unnecessary lighting.
- Always think ... **REDUCE, REUSE, RECYCLE**
