### Online Safety Meeting

Thank you to the parents who were able to join the online safety meeting this week. I hope that you found this interesting and helpful. The slides that accompanied the meeting will soon be available and I will forward these to all parents once they are received. If you were unable to make the meeting, please take time to look at the presentation when it arrives as there are some useful websites on the end slides to support you as parents. One key message worth taking away from this training is that keeping devices out of bedrooms and especially at night times would enable you to fully protect and support your child as much as possible. Hopefully this event will be repeated in the future.
