

Action Plan

Topic 1

Eco-Schools Topic	Energy
Aim Write a short explanation of what you hope to achieve.	To reduce energy use and its negative impact on our environment. Through our actions we aim to reduce our energy consumption which will have a positive impact on our environment, save us money and reduce our schools carbon footprint.
Action(s) Add actions you are going to take/projects you will deliver to achieve your aim. Include delivery dates to set yourself a timeline.	<ol style="list-style-type: none">1. To conduct an energy audit and action. Grades of Green – sign up.2. To create light switch and electric socket signs, using a traffic light system.3. For all year groups to participate in an energy free hour/day (this could involve a whole school picnic during the Summer term).
Informing & Involving Explain how you are going to advertise your activities and involve your school community in them.	<p>The activities will be shared with each class via the Eco-Committee. They will also be published on the Eco page on the school website and the Eco newsletter.</p> <p>The Eco-Committee will also keep the whole school informed about all the ongoing initiatives and how the different classes can support so these actions can be achieved.</p> <p>The light switch and electric socket signs will be introduced to the whole school via an assembly. All the classes will be encouraged to check that the sticker rules are being followed within their class.</p>
Monitoring & Evaluation Consider how you will monitor the impacts of	The audit will be conducted by the Eco-Committee and they will be repeated at the mid-point review and then again at the end. This will help to monitor the positive impact or to see if any further improvements could be made.

<p>your projects and evaluate their success.</p>	<p>The Eco-Committee will take meter readings at various times to monitor if there is any noticeable impact.</p> <p>All audit data and meter readings will be monitored and logs kept so the data can be compared for impact.</p> <p>Photographs will be taken at all opportunities to support the Eco-Committee when filling the log book to record their monitoring and evaluate their successes.</p>
